Programme

Friday, 25 February 2022

CONFERENCE ROOM

09:00–13:15	**Workshop 1: Treatment of eye injuries**
09:00–10:00	ALCON sponsored workshop: Patient qualification for presbyopia correcting lenses — a practical workshop *dr hab. n. med. Tomasz Chorągiewicz, prof. dr hab. n. med. Robert Rejdak, prof. Marco Zarbin*
10:00–11:00	ALCON sponsored workshop : Patient qualification for presbyopia correcting lenses — a practical workshop *dr n. med. Aleksandra Wlaź, dr hab. n. med. Tomasz Chorągiewicz*
11:00–11:15	Break
11:15–12:15	Workshop 3: Advances in OCT Angiography in AMD
12:15–13:15	Workshop 4: Glaucoma surgery *prof. dr hab. n. med. Marek Rękas, dr n. med. Katarzyna Lewczuk, dr n. med. Joanna Jabłońska*
13:15–14:50	**Session 1: Glaucoma** *Chairman: prof. dr hab. n. med. Tomasz Żarnowski, prof. dr hab. n. med. Marek Rękas, Prof. Anselm Jünemann*
13:15–13:25	Treatment of hypotension after glaucoma surgery *prof. dr hab. n. med. Tomasz Żarnowski*

13:25–13:35	The efficacy and safety of ab interno GATT trabeculotomy in a 6-month follow-up *dr hab. n. med. Ewa Kosior-Jarecka, dr n. med. Agnieszka Ćwiklińska-Haszcz, dr n. med. Dominika Wróbel-Dudzińska, prof. dr hab. n. med. Tomasz Żarnowski*
13:35–13:45	Surgical treatment of glaucoma in children *Prof. Anselm Jünemann*
13:45–13:55	Glaucoma and laser refractive surgery *Prof. Joanna Wierzbowska*
13:55–14:05	Changes in glaucoma surgery patterns during the COVID-19 pandemic: a shift towards less invasive procedures *dr hab. n. med. Joanna Konopińska, dr n. med. Emil Saeed, lek. Kinga Golaszewska*
14:05–14:15	Use of bevacizumab after deep non-perforating sclerectomy *dr n. med. Katarzyna Lewczuk, dr n. med. Joanna Jabłońska, dr n. med. Jacek Rudowicz, dr n. med. Magdalena Oleszczuk, dr n. med. Karolina Korecka-Skowron, dr n. med. Maria Gawrońska-Cedro, prof. dr hab. n. med. Marek Rękas*
14:15–14:25	Canaloplasty — patient selection and eligibility criteria *dr n. med. Joanna Jabłońska, dr n. med. Katarzyna Lewczuk, dr n. med. Jacek Rudowicz, prof. dr hab. n. med. Marek Rękas*
14:25–14:35	Antiglaucoma intrascleral peripheral iridencleisis — qualification of patients and surgical technique *dr n. med. Jacek Rudowicz, dr n. med. Katarzyna Lewczuk, dr n. med. Joanna Jabłońska, lek. Aleksandra Żywiec, prof. dr hab. n. med. Marek Rękas*
14:35–14:50	Discussion
14:50–15:05	**Break**
15:05–16:20	**Session 2: Corneal diseases** *Chairman: prof. dr hab. n. med. Edward Wylęgała, Prof. Dariusz Dobrowolski, prof. dr hab. n. med. Marek Rękas*
15:05–15:15	Keratoprosthesis — advances and prospects *prof. dr hab. n. med. Edward Wylęgała, Prof. Dariusz Dobrowolski*

15:15–15:25	Local limbal transplantation — method, location and timing *Prof. Dariusz Dobrowolski, prof. dr hab. n. med. Edward Wylęgała*	
15:25–15:35	Surgical treatment options for herpetic keratitis *prof. dr hab. n. med. Anna Machalińska*	
15:35–15:45	What's important in keratoconus? *lek. Danuta Horodyńska*	
15:45–15:55	Presbyond LBV — laser correction of presbyopia *dr n. med. Aleksandra Wlaź, dr n. med. Barbara Czarnota-Nowakowska*	
15:55–16:05	Intraoperative complications in laser vision correction *lek. Joanna Wojtyła*	
16:05–16:20	Discussion	
16:20–16:35	**Break**	
16:35–17:35	**Session 3: Training in Ophthalmology: Insights from EUROCOVCAT Group** *prof. dr hab. n. med. Robert Rejdak, Prof. Mario D. Toro, Moderator: dr Faustino Vidal Aroca*	
16:35–16:40	Introduction of EUROCOVCAT *prof. dr hab. n. med. Robert Rejdak*	
16:40–17:25	Feedback from EUROCOVCAT members *Germany: dr Omid Kermani, Ireland: dr Arthur B. Cummings, Italy: Prof. Daniele Tognetto, Poland: prof. dr hab. n. med. Marek Rękas, Russia: prof. Boris Malyugin, Spain: prof. Miguel A. Teus, Switzerland: prof. Sandrine Zweifel, The Netherlands: dr Ruth Lapid, Turkey: prof. Ozlem Evren Kemer*	
17:25–17:35	Discussion & Closure	
17:35–17:55	**Roche sponsored lecture: Modulation of the angiopoietin system as a new therapeutic mechanism for macular diseases** *prof. dr hab. n. med. Robert Rejdak*	SPONSOR: Roche

17:55–18:05	**SCOP Awards Presentation: "Patents of Innovation Leaders"**	
18:05–19:05	**Bayer sponsored session: Around the world — reports on anti-VEGF therapy from various countries** *Chairman: prof. dr hab. n. med. Robert Rejdak,* *prof. WIM dr hab. n. med. Małgorzata Figurska*	SPONSOR: 
18:05–18:20	Eylea in DME patients in Israel *prof. Anat Loewenstein*	
18:20–18:35	What do ophthalmologists wish...for your nAMD patients? *prof. WIM dr hab. n. med. Małgorzata Figurska*	
18:35–18:50	nAMD therapy in everyday clinical practice in Lublin *dr n. med. Lucyna Baltaziak, dr n. med. Emilia Bielecka,* *dr n. med. Małgorzata Latalska, dr n. med. i n. o zdr. Maksymilian Onyszkiewicz,* *prof. dr hab. n. med. Robert Rejdak*	
18:50–19:05	Angio-OCT — the latest reports/technologies in monitoring anti-VEGF therapy *dr hab. n. med. Adam Wylęgała*	
19:05–19:20	**Pharmacotherapy in patients with retinal diseases — how to make it in America?** *prof. Marco Zarbin*	
19:20–19:35	**Transcomeal Elektrostimulation (TES) in treatment of retinal diseases** *prof. Eberhart Zrenner*	
19:35–19:50	**Diagnostics and treatment of vitreous hemorrhage — other indications for anti-VEGF therapy** *prof. dr hab. n. med. Robert Rejdak*	

Saturday, 26 February 2022

CONFERENCE ROOM

09:00–11:00 **Session 4: Cataract**

Chairman: prof. dr hab. n. med. Marek Rękas, prof. dr hab. n. med. Robert Rejdak, prof. dr hab. n. med. Dorota Tarnawska

---

09:00–09:15 Methods of implantation of spherical and toric lenses in aphakia

prof. dr hab. n. med. Marek Rękas

09:15–09:30 Comparison of lens suspension using the Yamane technique and transscleral fixation with sutures

dr n. med. Karolina Krix-Jachym, lek. Maciej Juda, lek. Natalia Błagun, prof. dr hab. n. med. Marek Rękas

09:30–09:45 Glare and halo — dangerous side effects of multifocal contact lenses

dr n. fiz. Krzysztof Petelczyc, dr n. med. Karolina Krix-Jachym, mgr inż. Jan Bolek, dr inż. Karol Kakarenko, prof. dr hab. n. med. Marek Rękas, prof. dr hab. inż. Andrzej Kołodziejczyk

09:45–10:00 Clouding of the artificial intraocular lens. Can it always be prevented?

prof. dr hab. n. med. Dorota Tarnawska

10:00–10:15 ALCON sponsored lecture: What's new in cataract surgery

prof. dr hab. n. med. Robert Rejdak

10:15–10:30 SANTEN sponsored lecture: Antibiotic resistance and the principles of modern antibiotic therapy in cataract surgery

prof. dr hab. n. med. Robert Rejdak

10:30–10:45 3D visualization in anterior segment surgery in children

dr hab. n. med. Wojciech Hautz

10:45–11:00 Discussion

11:00–11:15 **Novartis sponsored lecture: Effect of brolucizumab treatment on morphology and visual acuity in patients with wet AMD**

dr n. med. Emilia Bielecka, dr n. med. Lucyna Baltaziak, dr n. med. Małgorzata Latalska, dr n. med. i n. o zdr. Maksymilian Onyszkiewicz, prof. dr hab. n. med. Robert Rejdak

SPONSOR:

NOVARTIS

11:15–11:30	**Novartis sponsored lecture: Brolucizumab — quick therapeutic effect and long-term effectiveness. Fifteen-month follow-up** *prof. dr hab. n. med. Katarzyna Michalska-Małecka*	SPONSOR: NOVARTIS
11:30–11:45	**Allergan sponsored lecture: The place of Ozurdex in the treatment of DME, taking into account the drug program B-120** *dr hab. n. med. Sławomir Teper*	SPONSOR: Allergan an AbbVie company
11:45–12:00	**Break**	
12:00–12:20	**HOYA sponsored lecture: Optical methods of myopia control for the 21st century** *dr n. med. Joanna Przeździecka-Dołyk*	
12:20–13:50	**Session 5: Retina — surgical treatment** *Chairman: prof. dr hab. n. med. Jerzy Nawrocki,* *prof. dr hab. n. med. Katarzyna Nowomiejska*	
12:20–12:35	Treatment of macular holes *prof. dr hab. n. med. Jerzy Nawrocki*	
12:35–12:50	Diabetic retinopathy *prof. dr hab. n. med. Jerzy Mackiewicz*	
12:50–13:05	Eyeball injuries — vitrectomy combined with sutured fixation of IOL using the Yamane technique *prof. dr hab. n. med. Katarzyna Nowomiejska*	
13:05–13:20	Surgical treatment of pediatric retinal detachment *dr n. med. Sławomir Cisiecki, dr n. med. Karolina Bonińska*	
13:20–13:35	PPV – is there always a risk of glaucoma *dr hab. n. med. Anita Lyssek-Boroń*	
13:35–13:50	Discussion	

13:50–15:05	**Sesja** *Chair and Scientific Coordinator: Prof. Mario D. Toro, Prof. Giuseppe Guarnaccia*
13:50–14:00	Current treatment strategies for central serous chorioretinopathy *prof. Sibel Demirel*
14:00–14:10	Feasibility and clinical utility of ultrawidefield/widefield OCTA *prof. Sandrine Zweifel*
14:10–14:20	Endothelial keratoplasty in complex cases *prof. Vito Romano*
14:20–14:30	Latest Implantable technologies for irreversible visual defects *Prof. Mario D. Toro*
14:30–14:40	Proposal for modifications on clinical TNM staging system for retinoblastoma based on the AJCC Manual 7th and 8th editions *prof. Yacoub Yousef*
14:40–14:50	Herniation of orbital fat: analysis of surgical repair *Dr. Ioannis Mallias*
14:50–15:05	Discussion
15:05–15:20	**Break**
15:20–16:50	**Session 7: Oculoplasty** *Chairman: dr n. med. Rafał Nowak, dr n. med. Izabela Nowak-Gospodarowicz, prof. dr hab. n. med. Marek Rękas*
15:20–15:35	Endoscopic surgery of the lacrimal duct in difficult clinical situations *dr n. med. Rafał Nowak, dr n. med. Izabela Nowak-Gospodarowicz, mjr lek. Michał Kinasz, prof. dr hab. n. med. Marek Rękas*
15:35–15:50	Dacryocystorhinostomy — endoscopic transnasal or external access? *mjr lek. Michał Kinasz, dr n. med. Rafał Nowak, dr n. med. Izabela Nowak-Gospodarowicz, prof. dr hab. n. med. Marek Rękas*

15:50–16:05	Treatment of congenital lacrimal sac cysts in newborns and infants using endoscopic techniqu *dr n. med. Anna Rogowska, dr n. med. Beata Kocyła-Karczmarewicz, lek. Magdalena Tomaszewska, dr hab. n. med. Wojciech Hautz*
16:05–16:20	Benign lesions of the eyelids in the material of the Ophthalmology Clinic of the Military Medical Institute *dr n. med. Izabela Nowak-Gospodarowicz, mjr lek. Michał Kinasz, prof. dr hab. n. med. Marek Rękas*
16:20–16:35	Reconstruction techniques of large defects after removal of a malignant tumor of the eyelid — authors' own experience *dr n. med. Izabela Nowak-Gospodarowicz, mjr lek. Michał Kinasz, prof. dr hab. n. med. Marek Rękas*
16:35–16:50	Discussion
16:50–17:05	**Break**
17:05–18:35	**Session of the Association of Polish Ophthalmology Surgeons (SCOP)** *Chairman: prof. dr hab. n. med. Robert Rejdak, prof. dr hab. n. med. Marek Rękas*
17:05–17:20	Report on the activities of SCOP to date *prof. dr hab. n. med. Robert Rejdak*
17:20–17:35	Systemic changes in Polish ophthalmology *prof. dr hab. n. med. Marek Rękas*
17:35–17:50	Cataract surgery after radial keratotomy *prof. dr hab. n. med. Bartłomiej Kałużny*
17:50–18:05	Standards of *presbyopia-correcting intraocular* lens implantation *dr n. med. Mariusz Spyra*
18:05–18:20	Cataract surgery after refractive surgery *lek. Adam Słoka*
18:20–18:35	Discussion

18:35

Closing of the 6th Ophthalmology Journal online conference "Update in ophthalmology"
